

Segundo_Parcial_Web_022020

Visual Studio Code interface showing the development of a web application. The Explorer pane on the left shows the project structure for 'SEGUNDO_PARCIAL_WEB_022020'. The main editor displays the 'index.blade.php' file, which contains a Blade template for displaying a list of products. The terminal at the bottom shows the execution of the 'php artisan storage:link' command, which successfully creates a symbolic link between the application's storage directory and the public storage directory.

```
index.blade.php - Segundo_Parcial_Web_022020 - Visual Studio Code
